ABOUT THE INSTITUTION
IFET College of Engineering, which has emerged as an autonomous Institution of repute, was established in the year 1998 under the aegis of Indo French Educational Trust. The college which has gained high reputation in the society through its academic excellence and placement records is located at Villupuram, Tamilnadu. The institution is affiliated to Anna University and has been accredited by NAAO and NBA. The college is also recognized by UGC under 2(f) and 12(b) status. The college presently offers 6 UG programmes in the discipline of CSE, ECE, EEE, IT, Mechanical and Civil Engineering, 3 PG programmes in the specialization of CSE, Applied Electronics and Mba. Recognized Research Center by Anna University conduct Ph.D programme for the department of ECE. IFET stands with pride in receiving the best college rank as rated by the "India Today" survey in 2019. The trust has taken sufficient steps in achieving its vision under the professional and vibrant stewardship of Mr. K.V. Raja, Chairman, Mr. K. Shivram Alva, Secretary and Mr. R. Vimal Treasurer. This sprawling campus provides a holistic education in an ambiance that makes no compromise on discipline, dedication and commitment. IFET has a phenomenal infrastructure, well defined educational system and qualified faculty to mould Engineers of high quality on par with the International standards. Realizing that Research and Development is a key factor which fosters innovation, avenues to create a research atmosphere to meet global challenges are implemented in the institution. Students and Faculty are encouraged to publish their research work in journals and conferences of repute.

ABOUT THE CONFERENCE
International conference on “Smart Technologies and Systems for Next Generation Computing” spotlights on all technical and practical aspects of Smart Technologies. The theme of the conference will foster an environment to create a mix of the professionals from academia and industry and focus on understanding the recent developments in this area. This conference is aimed to reflect the current focus on global research, recent developments, challenges and emerging trends in the field of Information, Communication and describe significant advances in the areas of Smart Technologies which finds applications in diverse domains. The final outcome is bound to improve the knowledge and understanding of latest technologies from a production perspective and establish new collaborations.

CALL FOR PAPERS
Authors are invited to contribute original research articles describing significant advances in the following areas not limited to

- COMPUTING
  - Sensor networks
  - Grid Computing
  - Cloud Computing
  - DNA Computing
  - Artificial Intelligence, Machine Learning and Deep Learning
  - Big Data/IoT
  - Bioinformatics and Scientific Computing
  - Computer Graphics & Virtual Reality
  - Computer-aided Design/Manufacturing
  - Data Mining
  - Expert Systems
  - Multimedia Applications
  - Security & Cryptography
  - Pattern recognition
  - Security & Privacy in Smart Systems

- CIRCUIT & DESIGN
  - Smart cards
  - Nano Electronics/Devices
  - Opto-Electronic Structures/Devices
  - Nanophotonics
  - Smart Antennas/Solar Systems
  - Modulation and Coding Techniques
  - Propagation and Computational EM

- POWER
  - Forecast and Power Management Micro Grid
  - Soft Computing Applications in Power Systems
  - Power System Modelling & Control
  - FACTS Devices - Applications in Power System
  - Switchgear and Protection
  - Smart Energy Distribution and Management System

- OTHER TECHNOLOGIES (OT)
  - Humanitarian Technologies
  - Robotics and Control
  - Instrumentation and Automation
  - Diagnosis and sensing systems
  - Nano Technology and MEMS
  - Non-destructive technology
  - Smart building and Home Automation
  - Smart Mobility Monitoring and control
  - Smart Farming
  - Remote sensing

PAPER SUBMISSION GUIDELINES
- The original unpublished manuscripts having maximum length of 6 pages on the topics related to the theme of the conference are invited for presentation / publication in the conference proceedings.
- Kindly ensure that the paper is formatted as per IEEE template (not exceeding 6 pages) including authors’ affiliations, figures and references.
- All submissions will undergo a double-blind peer review by the conference committee and the selection will be based on originality, significance, quality of results.
- At least one author of an accepted paper must register and present his/her paper in conference.
- The IEEE anti-Plagiarism policy is applicable to all submissions. If any copyrighted content is used, permission log is required from the copyright holder.
- Additional pages per paper above limit will be charged.
- All papers must be submitted online via Microsoft CMT submission system using link:
  https://cmt3.research.microsoft.com/ICSTSN2022

For template and further details, please visit conference website
http://icstsn2022.ifet.ac.in

PAPER PUBLICATION
All accepted and presented papers will be published in conference proceedings and will be eligible for submission to be included in IEEE Xplore Digital Library.
