## **Course Materials and Video Links**

A well-structured collection of quality course materials is available to support and enhance learning and teaching in the field of Electronics and Communication Engineering. These resources are accessible via the following Google Drive link:

[https://drive.google.com/drive/folders/1OuzuXFv9fi5Uc0FDYs6ff2DPN0v7Xj\\_?usp=sharing](https://drive.google.com/drive/folders/1OuzuXFv9fi5Uc0FDYs6ff2DPN0v7Xj_?usp=sharing)

To complement these materials, our faculty members have developed a series of insightful video modules that explain key technical concepts in an accessible format. The link of the videos are given below.

These resources are made available not only for the benefit of IFET College of Engineering students but also to support learners and educators across other institutions. We encourage peer review and welcome constructive feedback to continuously improve our methods.

These resources are not only intended for IFETCE students but are also accessible to learners and educators from other institutions. It is open for peer review and critique.
